The Software and Firmware ("**Program(s)**") license terms applicable to the products sold ("**Products**") to Customer ("Customer") are shown below and shall be passed through to the Customer, hereinafter, "**Licensee**".

- *Firmware.* "**Firmware**" is defined as the ladder logic programming, flow chart programming, machine code, and similar control software embedded within the controls of any CASI Products sold to Customer. Firmware shall not be modified, copied, or used for any purpose except as approved in writing by CASI.
- *Software.* "**Software**" is defined as the source and binary code version of the software and interfaces licensed to Licensee by CASI for use in the Product, including any subsequently released Updates (as defined herein), as delivered and/or installed by CASI.
- *Update.* "**Update**" is defined as a subsequent release of the Programs which CASI makes generally available to other like-situated customers at no additional license fee, provided all applicable licensing or support fees associated with the Programs are paid in full; an "Update" specifically excludes any Program release, option, or future Product functionality which CASI licenses separately.

- *License Grant.* CASI grants to the party purchasing the Product from an authorized CASI Licensee, a limited, non-transferable, non-sublicensable, and non-exclusive right to use the Software and Firmware for Customer's internal use in connection with the Product ("**License**") during the Term. The Programs may be used only in connection with the Product sold to Customer in a manner consistent with the terms of the applicable Proposal, Agreements, User Guide, and / or specification requirements document ("SRD") and shall include the right of Licensee to use a CASI-approved third party integrator install and integrate the Programs and Products, provided the integrator adheres to the scope of the License.

CUSTOMER ACKNOWLEDGES AND AGREES THAT THE LICENSE IS NECESSARY FOR OPERATION AND ENJOYMENT OF THE PRODUCT. IN THE EVENT THAT CUSTOMER DOES NOT RENEW THE LICENSE AND PAY THE LICENSE FEE, THE SOFTWARE AND FIRMWARE IS CONFIGURED TO LOCK AND WILL BE INACCESSIBLE FOR USE, RENDERING THE PRODUCT INACCESSIBLE FOR USE UNTIL THE LICENSE IS RENEWED.

- *Programs Ownership.* All Programs are a proprietary product of CASI and is protected by various patents and copyrights, both domestic and international. CASI retains all right, title, and interest in the Programs, and all copies of the Programs, regardless of the media or

form on or in which the Programs or other copies may exist, including copies which are made in violation of the terms of this License. Nothing contained in the Proposal shall constitute a sale, or any transfer or rights, title, or interest by CASI of any rights in the Programs.

- *Restrictions on Use.* Licensee may not:
 - ❖ Transfer the Programs to multiple Products or third-party machinery.
 - ❖ Distribute copies of the Programs, or accompanying materials or documentation, to others.
 - ❖ Copy, modify, adapt, translate, reverse-engineer, decompile, disassemble, or create derivative Programs based upon the Programs.
 - ❖ Copy, modify, adapt, translate, or create derivative documentation based upon CASI's written documentation accompanying the Programs, including without limitation the User Guide and SRD; or
 - ❖ Assign, rent, lease, sell, sub-license, pledge, encumber, or otherwise transfer the Programs without the prior written consent of CASI.
 - ❖ Remove any proprietary rights notices from the Programs or written documentation accompanying the Programs, including without limitation the User Guide and SRD.
 - ❖ Using the Programs for purposes of (i) benchmarking or competitive analysis of the Products; (ii) developing, using, or providing a competing product or service, or (iii) violation of any applicable law.

- *Term; Termination of License.* The term of the License shall begin on the delivery of the Product to Customer and shall continue in effect for one (1) year (the "Initial Term"), where the term shall automatically renew for additional one (1) year terms (each a "Renewal Term," where the Initial Term and Renewal Term are collectively referred to as the "Term") unless notice of non-renewal is provided by either party at least thirty (30) days in advance of the end of the Initial or any Renewal Term. The License may be terminated upon written notice to Customer by CASI for Customer's breach of or failure to comply with the terms outlined herein, including without limitation, continued timely payment of CASI's annual Licensing fees. Upon termination, Licensee shall immediately return all Software, all copies thereof, and all printed and written materials to CASI at Licensee's expense.

- *License Fees.* Customer shall pay CASI the license fees ("Fees") in advance of the Initial or any Renewal Term as set forth in an invoice without offset or deduction. Customer shall make all payments hereunder in US dollars on or before the due date set forth in an invoice. If Customer fails to make any payment when due, without limiting Provider's other rights and remedies: (i) Provider may charge interest on the past due amount at the rate of 1.5% per month, or the highest rate permitted under applicable law; (ii) Customer shall reimburse CASI for all costs incurred by CASI in collecting any late payments or interest, including attorneys' fees, court costs, and collection agency fees; and (iii) if such failure continues for past the invoice due date, CASI may suspend Customer's access to any portion or all of the Software and Firmware until such amounts are paid in full. All Fees and other amounts payable by Customer under this agreement are exclusive of taxes and similar assessments. Customer is responsible for all sales, use, and excise taxes, and any other similar taxes,

duties, and charges of any kind imposed by any federal, state, or local governmental or regulatory authority on any amounts payable by Customer hereunder, other than any taxes imposed on CASI's income. CASI reserves the right to modify Fees for any Renewal Term at its discretion.

- *Modifications.* In the event Licensee alters, modifies, translates, or adapts, in whole or in part, the Programs ("Modifications") in violation of the License, CASI shall own all right, title, and interest in and to the Modifications, and Licensee shall and does hereby assign its entire right, title, and interest in and to the Modifications to CASI. Licensee shall require all of its authorized users to assign any right, title, and interest each may have in and to any Modifications to Licensee in order for Licensee to fully effectuate this section.
- *Updates.* Updates may be created or issued by CASI from time to time. Any such Updates made during the Warranty period or during time period of active enrollment in of CASI's Premier support plans shall be made available to the Licensee. Retrofitting of updates due to breaks in Premier support continuity could be subject to additional fees and services.
- *Special Function Software and Firmware, Extensions to Product Programs.* CASI may provide additional program services to modify the then existing Product functionality or to add additional functionality not contained in the Program ("Special Function Programs"). Special Function Programs shall be provided at an additional cost and subject to the License and any additional terms as mutually agreed upon between the parties prior to installation. Special Function Programs are subject to the warranty terms and support terms applicable to Programs. CASI shall own all right, title, and interest in and to the Special Function Programs.
- *Third-Party Software.* Unless otherwise agreed to in writing by the parties, the use in the Products of any Third-Party Software will be governed by the terms and conditions set forth by the supplier of such Third-Party.
- *Acceptance.* Immediately upon installation, Licensee shall review the Programs and Products (collectively, the "Solution") during the "Customer Acceptance Test" to ensure that it performs in accordance with the SRD. Acceptance shall occur on the first business day following Customer Acceptance Testing; provided, however, Licensee, may in good faith reject the Solution if the Solution fails to perform in accordance with the SRD, in which case acceptance shall be deemed not to have occurred. In such event, Licensee shall promptly notify CASI in writing describing specifically the reason for rejection (the "Notice of Rejection"). Within five business days following receipt by CASI of the Notice of Rejection from Licensee, CASI shall either correct the failure or submit to Licensee in writing a plan for correcting such errors which shall describe in detail how CASI intends to correct the errors and the time required for such correction (the "Correction Plan"). Upon completion of the Correction Plan, Licensee shall conduct its acceptance testing again for another Acceptance Period in accordance with the procedure set forth above. In the event the Solution fails Licensee's second acceptance test, upon mutual agreement of CASI and Licensee, the Solution may undergo another round of correction acceptance or the parties may terminate the Agreement and CASI shall refund to Licensee an amount equal to all sums previously paid to CASI in connection with the Solution. If Licensee provides written notice to CASI that the Solution has been accepted or if the Licensee fails to reject the Software during the

Acceptance Testing Period then the Software will be deemed to be "Accepted" and the date upon which such Acceptance is deemed to occur is the "Warranty Date."

- *Support.* During the Term, CASI will provide support and maintenance to the Customer pursuant to the CASI Service and Support Pricing and CASI Extended Support Options attachments.
